Teachers' Retirement System of the State of Illinois

## ***Returning to Teaching following a Temporary Disability***

**0044**

If you plan to return to teaching this fall following your temporary disability, please call our Disability Department at (800) 877-7896. By contacting us first, you will help avoid any overpayment of benefits to you. If we are not notified of your return to active service and continue to issue benefits, you will be responsible for repaying any unearned disability benefits plus interest.

If, after returning to active service, you are disabled for the same cause within 90 days, benefits will be reinstated at the previous rate. These benefits will begin when you are ineligible to receive a salary.

If you have any questions about your disability benefits, please call our Disability Department at (800) 877-7896.

*Revised: July 1999*
